

## ***Glenn Kulasiewicz***

Program Manager, Planning, Design & Construction,  
Campus Services

### **What year did you join Emory?**

1986

### **Tell us a little about the work you've done at Emory throughout your career.**

From 1986-1997, I worked in the Campus Life Athletics & Recreation department, then from 1997-2005 in the Campus Life Housing Department. Since 2005, I have worked in my present position in Campus Services Planning, Design & Construction Department.

### **What are some of your favorite memories of your time at Emory?**

Being able to work with a variety of talented individuals in each of my positions. Also, being able to work on projects that have physically and programmatically changed Emory University and students' experiences on campus.

### **What are some of the most significant changes you have witnessed over the course of your career?**

Upgrades to Student Housing, Athletic Facilities, and the continued influence of the Woodruff Foundation on Emory University.

### **Is there anything you miss from "back in the day"?**

Back in 1986 as a "young professional" in the Athletics & Recreation department of Campus Life, many of my colleagues were at the same stages of their careers and family life so we were all growing up and starting families at the same time. Work was also a built-in social network for this group of people.

### **What do you hope for the future of Emory?**

That Emory continues to expand our presence and impact on the U.S. and the rest of the world!
